Subject: Mercury Filling Removal

Just a quick note to let you know how thrilled I am to finally be "mercury free"! I am so pleased to have teeth that are white, without decay. Most importantly, I suffered most of my adult life with chronic headaches and it is amazing how they are now gone!

I had to travel over an hour to get to this office, but I must say that it is well worth it to be treated so kindly by all! Thank you to Dr. Robbins and his entire staff for making this a painless, enjoyable experience! Your office staff is the friendliest dental staff I have ever met, keep up the great work and thank you!
