
★★★★★ **Incredible Dentist!** - [Brian](#) - Dec 31, 2008

I've been going to Dr. Robbins for over ten years now, and my experience has been consistently incredible. I get a strong sense that he's extremely focused on my overall and long-term health, and that he takes pride in the quality craftsmanship of his work. On top of that, the customer-service is great - his whole staff contributes to an atmosphere of care and comfort for the patient that's second to none.
